

## 14 Tabart Street New Town TAS

Located in one of the only modern areas of New Town, the brickworks was quickly sold out and a series of stunning homes established turning the long vacant land into a charming little shire all of its own.

14 Tabart Street comes with all the New Town magic, close to the city, great catchment for schools, and phenomenal capital growth potential.

A quick drive up and down the adjacent streets and you'll soon experience why so many wanted to call this area home.

With so few vacant left in this area the saying has never been more true that when it comes to land, 'they're not making it anymore...'
